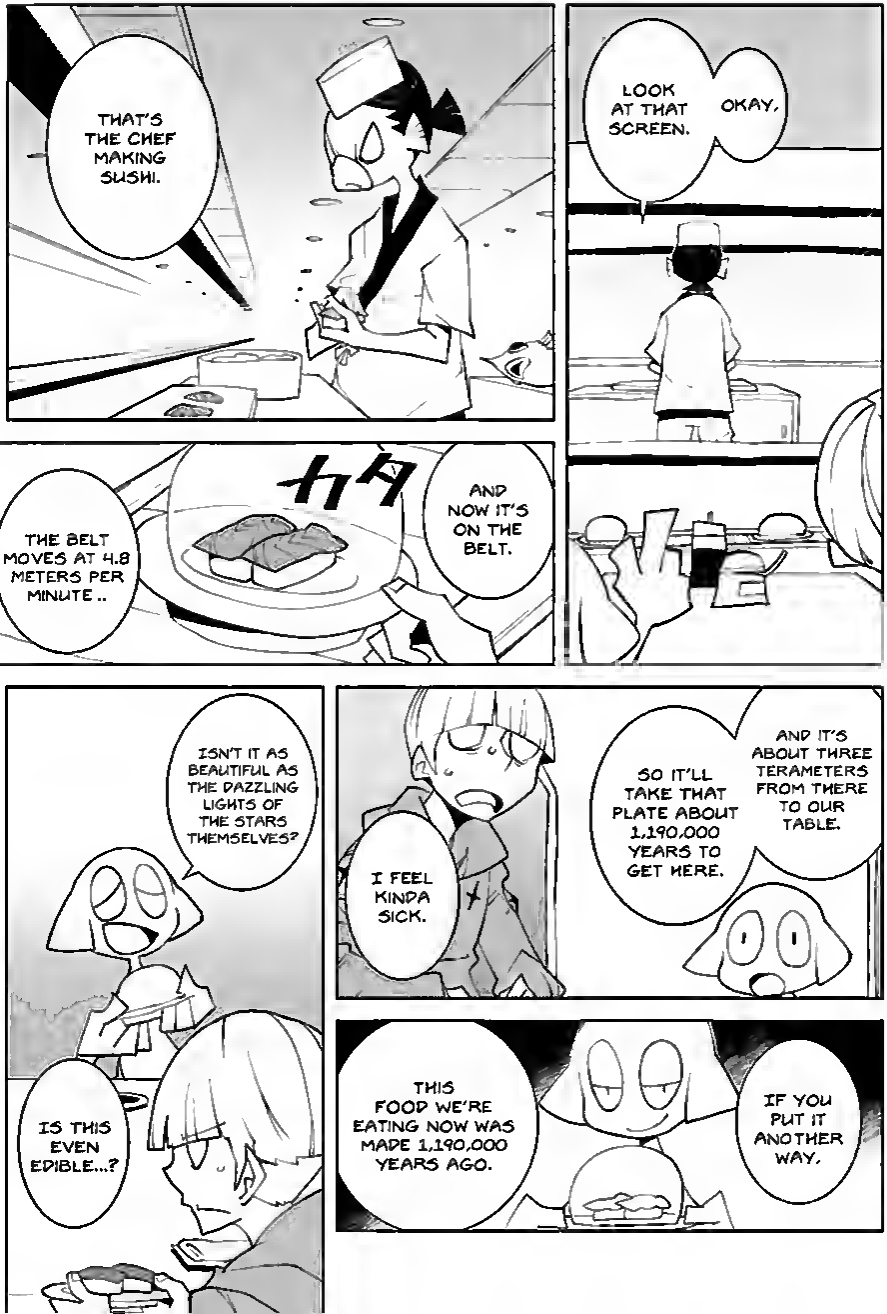
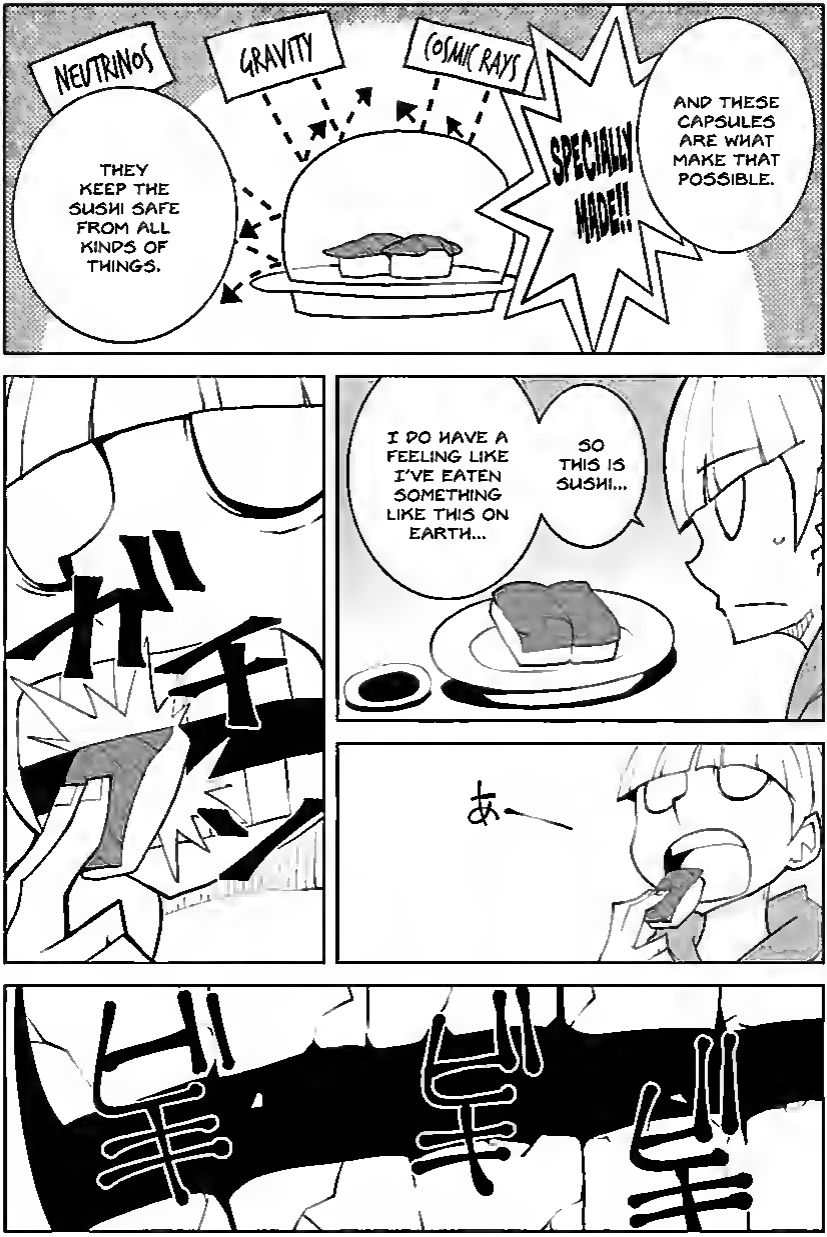
OH.
THERE'S A CONVEYOR SUSHI.
LET'S STOP THERE.
ますます話題のスペースオディティ!!
バビロンまでは何光年?
I'M HUNGRY.
YEAH. SAME.
WHAT'S CONVEYOR SUSHI?
IT'S FISH ON TOP OF RICE.
I THINK THEY HAD SOMETHING LIKE IT ON EARTH.
WELCOME TO BIG CRUNCH SUSHI.
WOULD YOU LIKE TO SIT AT A TABLE OR THE COUNTER?
A TABLE.

WOW.
HOW FAR DOES THIS THING GO?
JUST TAKE WHATEVER YOU WANT OFF THE CONVEYOR BELT.
PARSECS?
IT'S 0.003 PARSECS LONG.
THIS IS THE LONGEST ONE IN ALL OF SPACE.
STILL NOT GETTING IT.
ABOUT NINE TERAMETERS.

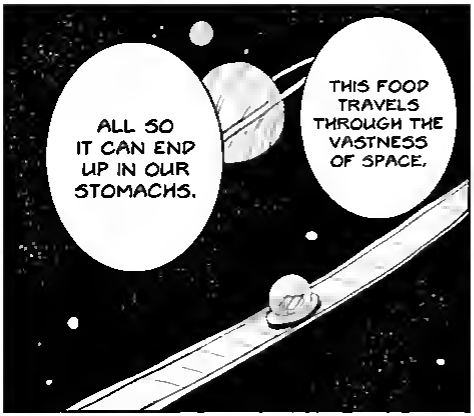


THAT'S THE CHEF MAKING SUSHI.
LOOK AT THAT SCREEN.
OKAY.
THE BELT MOVES AT 4.8 METERS PER MINUTE..
AND NOW IT'S ON THE BELT.
ISN'T IT AS BEAUTIFUL AS THE DAZZLING LIGHTS OF THE STARS THEMSELVES?
IS THIS EVEN EDIBLE...?
I FEEL KINDA SICK.
SO IT'LL TAKE THAT PLATE ABOUT 1,190,000 YEARS TO GET HERE.
AND IT'S ABOUT THREE TERAMETERS FROM THERE TO OUR TABLE.
THIS FOOD WE'RE EATING NOW WAS MADE 1,190,000 YEARS AGO.
IF YOU PUT IT ANOTHER WAY,



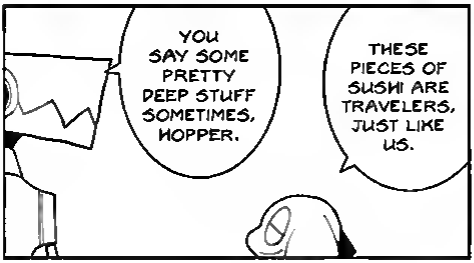
NEUTRINOS
GRAVITY
COSMIC RAYS
SPECIALLY MADE!!
THEY KEEP THE SUSHI SAFE FROM ALL KINDS OF THINGS.
AND THESE CAPSULES ARE WHAT MAKE THAT POSSIBLE.
ガチ
SO THIS IS SUSHI...
I DO HAVE A FEELING LIKE I'VE EATEN SOMETHING LIKE THIS ON EARTH...
あ

WHAT KIND OF THINGS ARE YOU GUYS EVEN ABLE TO EAT!?
MM, GOOD!
I NEVER ATE ANYTHING LIKE THIS ON EARTH!!
I TAKE THAT BACK!!
SO THEN IS THERE EVEN A POINT TO HAVING THE CAPSULES?
YEAH, I GUESS THE FOOD DOES PETRIFY A BIT AFTER ALL THOSE YEARS.
I GUESS EARTHLINGS JUST CAN'T HANDLE FOOD LIKE THIS.
COULD WE GET SOME PLATES DELIVERED STRAIGHT HERE?
SURE, RIGHT AWAY!!
WHY DON'T YOU JUST DO THAT IN THE FIRST PLACE!?
EXCUSE ME, SIR?
OH WELL.



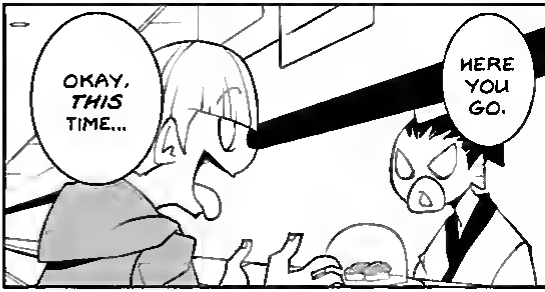
ALL SO IT CAN END UP IN OUR STOMACHS.
THIS FOOD TRAVELS THROUGH THE VASTNESS OF SPACE.

THE CONVEYOR BELT DOESN'T REALLY DO ANYTHING.
WELL, HE HAS A POINT.
YOU DON'T GET IT AT ALL, JUNK.

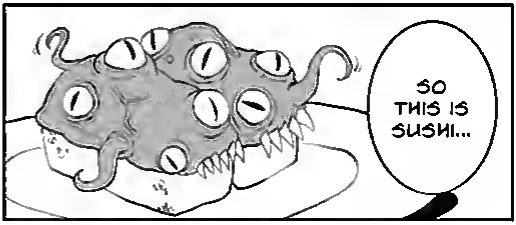


YOU SAY SOME PRETTY DEEP STUFF SOMETIMES, HOPPER.
THESE PIECES OF SUSHI ARE TRAVELERS, JUST LIKE US.

YEAH, I GUESS EARTHLINGS CAN'T HANDLE THIS AFTER ALL.
EARTHLINGS ARE KIND OF A PAIN



OKAY, *THIS* TIME...
HERE YOU GO.



SO THIS IS SUSHI...
